

Steel Fan/Fixture Support

Steel Fan Support Boxes with or without Bar Hanger

P/Ns 9380-FR & 9380-FANB

Allied Moulded manufactures fan and fixture support boxes to address many applications. The latest addition to this extensive product line is the steel fan box, P/N 9380-FR, and the bar-mounted steel fan box, P/N 9380-FANB. These ceiling fixture/fan support boxes are rated for use in both 16" and 24" span ceiling joist applications and meet both UL® deflection and 2011 National Electrical Code (Section 314.27) requirements. Both are for new work installations.

New!
Steel Fan
Boxes

PRODUCT FEATURES

- 4" octagonal, 17 cubic inch steel box
- Higher ratings including 70 lb. fan and 200 lb. fixture rating, with no reduction in ratings when used on 16" or 24" on-center joist applications
- Universal bar for mounting in 16" to 24" on-center joist construction
- Positioning tabs on bar for easy joist placement
- Plaster cover provided for retaining mounting hardware and protecting box

Fan/Fixture Support

In addition to the new steel fan box, Allied Moulded offers a heavy-duty bar mount, ceiling fixture/fan support box (P/N 9369-FRBKB) and several "open saddle" 4" round, high rating joist and side/direct mount fan support boxes. The fiberglassBOX™ series (P/N's 9370-FR and 9371-FRV) offers premium hard box characteristics, delivering quality and value to your residential building project.

The thermoplastic P/N's 9373-FR and 9375-FR offer strength while being light-weight, and have ample room for housing wire.

Allied Moulded's SLIDERBOX® high rating fan support box (P/N SB-CBFR) provides an easy solution to both new and old work applications, and provides a faster alternative during installation. With SLIDERBOX, there's no need to remove or relocate mounting screws to reposition the box.

PRODUCT FEATURES

- Can be used for new and old work applications
- Heavy duty 70 lb. fan and *110 lb. fixture rating (*SLIDERBOX® fan box has a 90 lb. fixture rating)
- Engineering grade thermoset or thermoplastic construction for rigid design and superior heat resistance
- UL® listed 2-hour fire resistive rating for walls and ceilings
- Includes mounting screws for easy joist installation and for easy installation of fan or fixture to the joist
